

R&GE Seminar Series 2021-2022

Date	Presenter	Session Information
December 14, 2021, 12:00-1:00 PM	Gwen Short	<p>Research Data Management</p> <p>Data management can be a challenge at all steps of the research process. During this seminar Gwen will share some basics of research data management and provide practical recommendations about RDM tools and resources available to the OSU researchers.</p> <p>Register</p>
January 11, 2022, 12:00-1:00 PM	Pam Schlegel	<p>Budgeting Basics</p> <p>This session will provide an overview of the expenses most commonly requested in grant applications. We will also discuss critical issues associated with developing budgets including direct costs, allowable costs, and budget justifications. Please join us for this informative session.</p> <p>Register</p>
January 25, 2021, 12:00-1:00 PM	Luis Canas	<p>Finding and Managing International Funding Opportunities</p> <p>In this session Dr. Luis Canas will share some tips on finding international opportunities and discuss key aspects of managing internationally funded grants. Topics will include budget differences to pay attention to; the process of working with overseas partners and subawards; and how to maintain good communication with OSP, your department, and related offices to make sure your project functions seamlessly.</p> <p>Register</p>
February 8, 2021, 12:00-1:00 PM	Jeff Agnoli	<p>SPIN Funding Opportunities Database Workshop</p> <p>All researchers are encouraged to learn how to use SPIN & identify funding opportunities to support their research activities. SPIN contains 40,000+ opportunities from more than 10,000 sponsors. With SPIN, you can:</p> <ul style="list-style-type: none"> • Create/save customized searches that generate daily email alerts • Organize & share funding announcements with colleagues • Access an extensive Keyword list for greater flexibility in your searches • Quickly locate Federal or non-Federal programs • Locate all types of funding information, e.g., travel grants, fellowships, and other sponsored programs <p>Register</p>

R&GE Seminar Series 2021-2022

Date	Presenter	Session Information
February 22, 2022, 12:00-1:00 PM	Jay Dahlman	<p>TCO Is Here for You - Maximizing the Impact of Your Research</p> <p>Discover how developing an intellectual property strategy with the Technology Commercialization Office (TCO) can help maximize the impact of your research. Participants will be exposed to the types of intellectual property developed at OSU, walk through a step-by-step process on how the TCO approaches commercialization, and learn about the various services TCO provides that can be leveraged to maximize the impact of your research. Registrants will also hear success stories from the College of Agriculture and Environmental Sciences demonstrating how an intellectual property strategy that is aligned with research activities can maximize the impact of research.</p> <p>Register</p>
March 8, 2022, 12:00-1:00 PM	Caroline Crisafulli	<p>Technology Commercialization - the OSU Startup Process</p> <p>Have you ever wondered if a Startup is right for you? What does it take to launch your research efforts and university-owned intellectual property into an entrepreneurial venture? Join us for a virtual workshop to explore the options of how researchers can drive innovations through the creation and operation of an OSU Startup. Our presenter, Caroline Crisafulli, the Director of Entrepreneurial Education at the Keenan Center for Entrepreneurship will discuss the events of the OSU Startup process, your options as the PI, and the broad spectrum of support – education, guidance, recruiting assistance, documentation, capital, networks, etc. – that the Keenan Center for Entrepreneurship offers to Ohio State’s university-licensed new ventures.</p> <p>Register</p>
March 29, 2022, 12:00-1:00 PM	Shannon Hollis	<p>Color-Coded Proposal Reviews</p> <p>GDSU offers a variety of reviews ranging from Blue, Pink, Red and Gold. While we most often provide a Red Team Review, which predicts how well your near-final proposal would be scored by the sponsor and recommends improvements to focus, completeness, and clear communication of your solution, other reviews can also be beneficial. Join us for a look into the color-coded review process, the differences between the different reviews we offer and their timing, who to invite as a reviewer, and how they will best serve you for your upcoming proposal. These reviews allow you to see the proposal as a whole and make sure your message, strategy, and solution all work together to provide the best possible document to the sponsor, resulting in a proposal ranked “HIGH PRIORITY” and placed in the “FUND” category. Come learn about this process and how to utilize this service.</p> <p>Register</p>

R&GE Seminar Series 2021-2022

Date	Presenter	Session Information
April 12, 2022, 12:00-1:00 PM	Michael Adkins Elizabeth Drotleff	<p>Industry Sponsored Research</p> <p>A conversation on Industry funded research at the University. Helpful tips on talking with Industry partners, when and how to incorporate the designated groups on campus including OSP, TCO and CEO. Dos and don'ts for best practices.</p> <p>Register</p>
April 26, 2022, 12:00-1:00 PM	Nathaniel Gardner	<p>TBD</p> <p>TBD</p>
Anytime	BuckeyeLearn	<p>Controlled Substances</p> <p>When using controlled substances in research activities, all employees in the College of Food, Agricultural, and Environmental Sciences must comply with federal and state regulations, as well as institutional guidelines. This 24-minute video presentation provides FAES registrants and authorized agents training on the use of controlled substances to meet the regulatory requirements. Training includes a regulatory overview, controlled substance schedules, recordkeeping requirements and form use, storage, disposal, personnel changes, and best practices.</p> <p>Log in to BuckeyeLearn and search for "Controlled Substances"</p>
